**OUT NOW.**

“Lipstick On My Shirt” is a moody, cinematic R&B record that explores the quiet aftermath of a moment that should’ve never happened. Through intimate vocals and vivid storytelling, Sammy Cokas captures the tension between desire and regret — where a fleeting connection leaves a permanent emotional stain. Inspired by late-night encounters, unspoken truths, and the weight of guilt, the record blends vulnerability with restraint, painting a picture of love that burns fast but lingers long after it’s gone.

Rooted in emotion rather than spectacle, “Lipstick On My Shirt” reflects Sammy’s ability to turn personal conflict into timeless storytelling — a sonic snapshot of intimacy, consequence, and reflection.
